Joel:

You mentioned in your voicemail that you will be in a meeting in Ariel Rios / WJC. Please call me as soon as possible – and send me an email to let me know when you are finished and we can talk or meet quickly on the agenda.

We have sent your agenda to Regions and States. Our group very much wants to hear from Chemours on each of these subtopic points. Will these topics be addressed? The value of the meeting for EPA Regions and States will be impacted if we are not able to hear from Chemours on these items.

If your group is not prepared to discuss these items we will need to alert the Regions and States to the change in the meeting topics and consider reducing the attendance of the participants.

Thank you,
